Our Story

Korbond was established in 1956, over 9,000 miles away in Australia, by an engineer called Henry Korsi. In the early days, Henry and his wife, a chemist, developed and manufactured products for the garment and shoe trade. Henry established the business with strong core values at its heart, and a strategy focussed on delivering retailers high quality products supported by excellent service.

Today, over 65 years on, we are the UK's leading industry expert in sourcing and supplying retailers with haberdashery, clothes care, crafting tools and accessories, and storage solutions. We have long established trading relationships across a wide range of retail channels and offer every customer an end to end category management solution.

Utilising our decades of experience in creating, sourcing and supplying haberdashery, craft and clothes care, we have expanded into supplementary categories including homeware, gift, promotion and travel accessories.

We are a family owned business, built on strong family values and our unique heritage still shapes the way we do business today

Our Offering

Our portfolio of brands are designed to provide families and households with fit for purpose, affordable products that essentially make their lives easier and more enjoyable.

Within our categories we offer trusted brands, and where required we can also provide a bespoke product to cater for different retailer needs.

Our signature brand, Korbond, is the UK's No.1 haberdashery brand; encompassing a comprehensive range of sewing, mending, clothes care, yarn, knitting and crafting tools & accessories.

Our portfolio also features a wide range of premium design-led sewing and crafting storage for crafters, households and gifting.

We offer personalised solutions, tailoring our sourcing, ranging & service models to suit our customers requirements

Our Promise

Our commitment is to provide a first-class personalised service, driving strong returns for retailers and great value to consumers.

We work closely with retailers to define product, promotion, delivery and merchandising to provide the most appropriate solution and deliver maximum return on investment. Whilst products deliver consistent high quality and are renowned for their value for money.

We pride ourselves in our stock availability and with our proven, audited ability to dispatch all orders with a pick accuracy of 99.99% you can be confident that your order will be there on time every time.

We help retailers better service their consumers through smart sourcing, smart processes and excellent customer service

This is the Korbond Promise

Core Threads

For an excellent value thread, with no shrinkage and excellent colour fastness, the Korbond range of polyester threads, available in a popular range of colours, cannot be beaten for everyday sewing and mending tasks.

DK Yarn

Korbond 100% acrylic DK yarns are manufactured using the same process as wool, a single filament wound together. By mimicking the production of natural fibres with manmade fibres we ensure a well-constructed machine washable yarn that is lightweight and hypoallergenic while durable and adaptable for an array of projects.

Fixtures & Stands

With years of experience in merchandising and planning layouts, we offer a flexible and innovative approach to merchandising, providing support and advice to both small and large customers alike. No matter what size of fixture or space, we will recommend the right product mix to maximise sales potential.

IM+

Im display options offer convenient solutions for customers who are looking for a complete range. We have a number of Im tailored solutions available, however we also offer the ability to customise the product range to meet specific retail requirements.

Single/Double Fixtures

A great option for those who wish to have freedom of how they display within the retail environment. Choose between the single sided for space restricted stores or the double-sided for those looking to stock a comprehensive range. These stands come flat packed for ease of transportation and are simple to construct.

Counter Spinners

Space optimising counter top spinner units for those seeking affordable impulse solutions.

FSDU's, CDU's & Clip Strips

Merchandising opportunities are available in the form of free standing display units, clip strips, counter displays and bespoke shippers.

We carry a range of existing display mechanics and product packages in stock or we can alter or combine mechanics to provide a cost effective tailored solution.

FSDU'S/Shippers

We offer a variety of FSDU, shippers, counter display units and clip-strips, which can be sited within high traffic areas in stores. They are ideal for seasonal or promotional retail periods. We offer a bespoke design service and can build modified FSDU, shippers and CDU's to suit requirements.

Counter Display Units

Clip Strips
